## Application – Esthetics

**Read the following BEFORE you sign. Your signature will indicate that you have read and understand.**  
If you do not understand, please ask for an explanation BEFORE you sign.

Upon successful completion of the Esthetics Program you will be eligible to apply for State Licensure examination upon graduation\*\*. What does this mean to you? It means that you can be employed as an Esthetician before you are licensed. To date, you are not required to take the State Licensure exam in the state of Ohio to be employed. Upon Successful completion students may apply for a temporary work permit that works in place of a License through the Board of Cosmetology. However, most institutions require that you be Licensed before you can be hired. State Law also requires that individuals applying for a Independent Contractors License must hold a valid license with the State Board of Cosmetology in order to be granted the Independent Contracting License; meaning students with a temporary work permit **are not** eligible to booth rent until they hold a valid license with the state board of cosmetology. If certification is not sought, your employment can be terminated. You cannot take the State Licensure Exam unless you complete a clock hours-based program from a licensed school

## **PROGRAM REQUIREMENTS**

Success as an Esthetics student depends on many variables. Among them are academic ability and certain technical abilities or competencies. Most Esthetics positions involve standing for long hours and performing activities that require mobility.

**MINIMUM ACCEPTABLE MENTAL & PHYSICAL COMPETENCIES** – the competencies listed below represent the **minimum** abilities necessary to successfully complete course and program objectives. The inability to meet these competencies may interfere with meeting course and program objectives and, therefore, may result in termination or withdraw from the program.

1. Carry out procedures that prevent the spread of infection (*examples*: frequent hand washing, using mask and gloves when needed, create and maintain sanitized and disinfected fields, etc.).
2. Satisfactorily complete clinical laboratory experiences up to and including eight hours in length.
3. Demonstrate ability to effectively and safely perform a variety spa services.
4. Listen and follow directions based off of instruction.
5. Communicate effectively and appropriately, with clients pertaining to issues and concerns.
6. Make appropriate decisions in a timely manner when stressful situations arise.
7. Demonstrate ability to effectively perform spa services using a variety of equipment.
8. Interpreting client concerns and carrying them out based off of client intake forms.
9. Use tactful and gentle language when discussing delicate topics with clients.
10. Receive constructive criticism from both instructors and clients.

Applicants are responsible for determining their own eligibility in light of these competencies. Students with disabilities who enter the program do so with the understanding they will be expected to meet course requirements, with reasonable accommodation that may be provided. All students are required to successfully complete all competencies that are required for graduation.

Requests for reasonable accommodation will be evaluated by the faculty and program manager as they arise throughout the program. The Program Manager may request a meeting with a student with a disability if concerns arise regarding the student's ability to provide safe and effective client care.
