SECTION IV:

FINANCIAL ASSISTANCE
(For Full-Time Programs)

TUITION AND PAYMENT GUIDELINES

Students are responsible for the entire program cost. As a courtesy, students may request a payment plan to pay installments with no excess fees. Payments are due to the Adult Education office on or before the due date listed in the payment plan that the student will sign. Accounts that are more than 5 business days past due will be charged a late fee of \$20 for each installment payment that is late. Accounts that are more than 10 business days past due may result in the student being dismissed. Students may elect to provide a debit or credit card that will be automatically charged on the 15th of each month per their payment plan agreement in order to help avoid missing a payment.

Failure to comply with the payment plan agreement can result in the cancellation of the student's enrollment, but not the cancellation of the student's obligation to pay. Any unpaid and past due balance due at separation that is not paid within 90 days will be turned over to the Ohio Attorney General's office for collection.

FAFSA APPLICATION INFORMATION

Full-time, job skill training courses that are 600 hours or more are eligible for federal student aid. Students interested in these classes should submit a Free Application for Federal Student Aid (FAFSA). As the name states, the application does not cost anything and no student who submits a FAFSA is under an obligation to the Apollo Career Center or Federal Student Aid agencies. Avoid FAFSA-related websites that request payment. Make sure your FAFSA web site is www.fafsa.ed.gov.

It is the student's responsibility to file a FAFSA. Students who complete a FAFSA will receive a SAR (Student Aid Report) that includes important personal information regarding Pell grant eligibility and access to federal student loans. The school also receives an aid report and it cannot determine an award without this information. You do not need to speak with the Financial Aid Office before you begin, but please read the following instructions carefully.

Step 1

Gather items that will assist you in completing the FAFSA, for example: Your social security number, tax returns from 2019, current bank statements, untaxed income (such as workers comp & disability), Child Support paid out or received during Jan-Dec 2019, etc.

Step 2

Do you & your Parent (see note below) have a Federal Student Aid (FSA) ID username & password? Please visit <https://fsaid.ed.gov/> to either create or retrieve your FSA ID (retain your FSA ID in a safe place for future steps).

Note: If you are under age 24, not married, and not supporting any children, you are considered a Dependent student (whether you live with or receive any support from parents). If this is the case, your Parent will also need to create an FSA ID so that they can complete their part of the FAFSA with their income tax information and sign their name electronically also.

Step 3

Go to: www.fafsa.ed.gov and choose Log In, then log-in on the left side with your FSA ID.

➤ **File 2021-2022 (with 2019 tax info)**

Step 4

When you get to the School Selection screen, please choose Apollo Career Center as your school by entering our federal school code which is **017290**.

Step 5 – VERY IMPORTANT!! – INCOME TAX INFORMATION!!

The 2021-2022 FAFSA has an IRS Data tool to pull in your tax information directly from the IRS website. When you get to the Financial Information section you will see a question stating "Did you file a Puerto Rican or foreign tax return?" – if you can answer this as "no", then it comes up with an option to "Link to IRS", and you want to click on this, which takes you out to the IRS website where you want to fill in your address that exactly matches your 2019 tax return (for 2021-2022), and you should be able to pull up your tax data and have the option to transfer it directly into the FAFSA (exception: married filing separately status will not be able to use this tool – if this tool does not work, please follow Step 9 to obtain the IRS Tax Return Transcripts).

FAFSA Application Information (continued)

Step 6

Once you have entered your tax and asset information into the FAFSA, you will need to “sign & submit” the FAFSA. With the email address you provided within your FAFSA, the Federal Department of Education will send your Student Aid Report (SAR) by e-mail within 3-5 days. To check the status of your FAFSA: www.fafsa.ed.gov or 1-800-433-3243.

Step 7

If there are any SAR issues that need to be resolved we will contact you and may ask you to schedule an appointment, or you may receive a request for verification from the financial aid office. The verification paperwork will need to be completed before your financial aid can be processed.

Step 8

Once you have passed all sections of the entrance testing, been accepted into the program and your Student Aid Report has no unresolved issues, a financial aid package will be prepared for you and you will receive contact by email or phone call from the financial aid department to schedule an appointment to go over your financial aid awards.

Step 9

THIS IS A SEPARATE STEP OUTSIDE OF THE FAFSA, BUT IS A REQUIRED DOCUMENT IF YOU COULD NOT USE THE IRS LINK FOR YOUR TAX INFORMATION WITHIN THE FAFSA:

Student & Parent(s) (for Dependent students) MUST each order a Tax Return Transcript (this is FREE to order) as follows so that you are prepared to provide support of tax information at your Financial Aid appointment (NOTE: It takes approx.. 2 weeks to receive these – so don't delay, order today!!)

- To obtain a **2019 IRS Tax Return Transcript**, go online to www.IRS.gov and click on the “Get Your Tax Record” button, then select “Get Transcript by Mail” to have it mailed to you. Use the Social Security Number and the date of birth of the first person listed on the 2019 IRS income tax return, and the address on file with the IRS (normally this will be the address used on the IRS income tax return). Be sure to request the **Tax Return Transcript** and not the Tax Account Transcript when ordering.

You are not eligible for financial aid unless you have completed your secondary education. We will require you to provide a copy of your high school diploma or GED for proof.

AVAILABLE FINANCIAL AID PROGRAMS

Federal Pell Grant Program

The Pell Grant is given with no repayment expected. Pell Grant is based on need and the maximum amount of Pell for the 2021-2022 award year is \$6,495. Any student wishing to receive a Federal Pell Grant at this institution must meet the eligibility requirements established by the U.S. Department of Education.

To receive a Federal Pell Grant a student must complete the Free Application for Federal Student Aid (FAFSA). The FAFSA may be completed on-line at www.fafsa.ed.gov.

After the FAFSA has been processed by the Dept. of Education, a Student Aid Report (SAR) will be issued. This report will contain a number referred to as the EFC (Expected Family Contribution). The school uses this number to determine the amount of the student's award.

Full awards are made only if the student is attending a program of at least 900 clock hours. A student entering a program of less than 900 hours will receive a proportionately reduced award.

Direct Loans

Direct Subsidized Loan* - A subsidized loan is awarded on the basis of need. A student may be eligible to request a maximum of \$3,500 for the first year of undergraduate study. There is no interest charged while the student is in school at least half time, during the grace period and during authorized periods of deferment. Repayment usually begins six months after the borrower ceases to be enrolled in the program.

Direct Unsubsidized Loan* - An unsubsidized loan is not awarded on the basis of need, and the student is responsible for interest that accrues during in-school, deferment, grace, and repayment periods. The unsubsidized loan is the difference between the cost of attendance and other aid (including subsidized loan) not to exceed \$5,500 for a dependent student and \$9,500 for an independent student, for the first year of undergraduate study. Repayment usually begins six months after the borrower ceases to be enrolled in the program.

*Programs of less than 900 hours or less than 26 weeks will be prorated down based on the number of hours or number of weeks in the student's program.

Direct Parent Loan to Undergraduate Student (PLUS) – Plus loans are meant to provide additional funds to dependent students for expenses. Parents may borrow up to the cost of education, minus other aid received by the student. Repayment begins approximately sixty days after final loan disbursement is made. A parent can change the repayment plan at any time by contacting the Loan Servicer.

INTEREST RATES

Fixed rates as of July 1, 2021:

Subsidized: 3.73%

Unsubsidized: 3.73%

Plus Loan: 6.28%

NOTE: Federal student loans will not be certified until the ISIR or SAR has been received and the student's financial aid file is complete.

ENTRANCE AND EXIT LOAN COUNSELING SESSIONS

Recipients of the Federal Stafford Student Loans are required by Federal regulations to complete Entrance and Exit Loan Counseling sessions. An Entrance session must be completed prior to the student receiving the loan proceeds. An Exit session must be completed at the time of graduation or at the time of departing school. A hold will be placed on the student's record if the Exit session is not completed at that time. Information provided at these sessions should include but is not limited to:

Entrance Interview	Exit Interview
Overview of all sources of aid	Financial planning for loan repayment
Terms/conditions of various loan programs	Loan repayment obligations
Loan application process	Repayment options
Repayment obligations	Deferment/Forbearance/Cancellation provision
Obligation to keep lender informed	Obligation to keep lender informed

Repayment Estimator

This chart may be used as a guide to estimate monthly payments for a standard repayment schedule based on a 3.73% interest rate and the principal balance of the loan when it enters repayment.

Amount Borrowed	Monthly Payment Amount	Total Number of Payments	Total Interest Paid at 3.73%
\$3,000.00	\$50.00	67	\$326.00
\$4,000.00	\$50.00	93	\$606.00
\$6,000.00	\$60.00	120	\$1,198.00
\$8,000.00	\$80.00	120	\$1,597.00
\$10,000.00	\$100.00	120	\$1,996.00

Deferment/Forbearance

Under certain circumstances, you can receive periods of deferment or forbearance that allow you to postpone loan repayment. These periods don't count toward the length of time you have to repay your loan. You cannot get a deferment or forbearance for a loan that is already in default. For more information about deferment or forbearance you can visit www.studentaid.gov.

NATIONAL STUDENT LOAN DATA SYSTEM (NSLDS)

Federal law requires that all student loan records be submitted to NSLDS. The information is accessible by guaranty agencies, lenders and schools who are authorized users of the data system. Students may access their own records at www.studentaid.gov.

Under the U.S. Department of Education Regulations, schools are required to report enrollment statuses to NSLDS at least every 60 days. Apollo Career Center adheres to these regulations by certifying enrollment records and/or statuses at least every 60 days. New enrollments, withdrawals and graduates are reported to NSLDS as they occur.

**Chapter 33 only pays the school directly, so you are allowed to start a program without payment if you can provide your VA Certificate of Eligibility in advance.

**ALL OTHER VA EDUCATION BENEFITS ARE PAYABLE DIRECTLY TO STUDENT AND NOT TO THE SCHOOL.
THEREFORE, THE STUDENT IS RESPONSIBLE FOR ALL TUITION AND FEES ASSOCIATED WITH THEIR PROGRAM.**

HOW ELIGIBILITY IS DETERMINED

As previously stated, financial assistance is awarded to bridge the gap or to supplement the amount that you and your family are reasonably able to contribute toward your educational expenses. A federally approved system of "need analysis" is used to calculate your Pell Grant award and your eligibility for a student loan. In order to perform this evaluation, it is necessary for you to complete the Free Application for Federal Student Aid with information concerning your family's financial strength such as income and assets, size of family, number in college, and any unusual circumstances or expenses which you face.

THE CONCEPT OF "NEED ANALYSIS"

Cost of Attendance (Tuition, fees, transportation, personal, etc.)

- **Family Contribution** (What you and your family are able to contribute toward your educational costs)

= **Your Financial Need** (Grant, loan, other resources you can receive)

For all Title IV Programs (Pell Grant, Direct Loans and Plus Loans) a student enrolled at Apollo Career Center must:

- Have financial need, except for some loan programs.
- Be enrolled in a program that is at least 600 clock hours and 15 weeks in length.
- Be attending at least 12 clock hours per week.
- Meet Satisfactory Academic Progress standards set by the school.
- Be a U.S. citizen or eligible non-citizen.
- Register with the Selective Service if you are a male who is at least 18 and born after 12/31/59.
- Not be incarcerated in a federal or state penal institution.
- Have a high school diploma, or G.E.D.
- Have a valid Social Security Number.
- Sign a statement on the Free Application for Federal Student Aid (FAFSA) certifying that you will use federal student aid only or educational purposes.
- Sign a statement on the FAFSA certifying that you are not in default on a federal student loan and that you do not owe money back on a federal student grant.
- Not have been convicted under federal or state law of the sale of or possession of drugs. (You may still be eligible depending on the number of offenses and when they happened.)
- Must provide information in order for school to obtain financial aid history.
- May not have property that is subject to a judgment lien for a debt owed to the United States Government.

DEPENDENCY STATUS

You are considered Independent if you meet any one of the following criteria:

- You have reached the age of 24 prior to January 1st of the upcoming award year.
- You are enrolled in a graduate or professional educational program beyond a Bachelor's Degree.
- You are married as of the date you submitted the FAFSA.
- You have children who receive more than half of their support from you. **NOTE: Having a child does not automatically make you independent. You must be providing over 50% of the child's support.**
- You have dependents (**other than your children or spouse**) that live with you and receive more than half of their support from you, now and through the end of the award year.
- Both parents are deceased or you are an orphan or Ward of the Court (or were a Ward of the Court until age 18).
- You are currently serving on active duty in the U.S. Armed Forces (other than training).
- You are a Veteran of the U.S. Armed Forces.
- You are an emancipated minor.
- You are an unaccompanied youth who is homeless or in danger of being homeless.

If you do not meet any of the above criteria, then you are considered a "**Dependent Student**" and your parents must complete part of the FAFSA and provide their financial information.

In some instances you may apply to receive what is called a Dependency Override. Only the Financial Aid Office can make that decision and circumstances must be in line with Apollo's Dependency Override Policy, as stated below.

DEPENDENCY OVERRIDE POLICY

A Dependency Override may be granted for a student who has an unusual circumstance, which is beyond his/her control. A Dependency Override may be granted for a student who has an unusual circumstance, which is beyond his/her control. A Dependency Override is reviewed on a case-by-case basis, not for a group of students with similar circumstances. It is not unusual for a student between the ages of 18 and 24 to move away from his/her parents and have a full-time job. This is a "life choice" and does not qualify for a Dependency Override.

To receive a Dependency Override the student must make a request to the Financial Aid Office and be able to provide necessary documentation. The Financial Aid Office will determine what type of documentation is appropriate for the situation.

FINANCIAL AID DISBURSEMENT OF FUNDS

All Financial Aid funds are disbursed by the Treasurer's office in conjunction with the Financial Aid office.

Federal student aid disbursements are required to be disbursed in at least two installments. Eligible programs at Apollo Career Center will consist of a minimum of two payment periods. A payment period consists of half of the clock hours and half of the weeks of instruction in a program. The payment period is defined as the point when the student's scheduled clock hours have elapsed. For example: in a 900 hour program the official check date is at the end of the first scheduled 450 hours, in a 600 hour program the official check date is at the end of the first scheduled 300 hours.

Before funds are disbursed, the school must confirm that the student is an eligible student. Confirmation includes, but is not limited to, the following:

- The student is enrolled at least half time enrollment status
- For Direct Loans, the student has a valid, linked MPN
- For a student otherwise eligible for a Pell Grant, the scheduled disbursement will not cause the student to exceed his or her lifetime eligibility (600% is the lifetime maximum)
- First time FSA borrowers have completed entrance counseling
- First disbursement- Requires student to have attended the first 30 days.
- Subsequent Disbursements – student must be meeting the SAP policy and must have successfully completed the clock hours in the payment period. Successfully completed is defined as having attended 90% of the scheduled clock hours (in accordance with the excused absence policy); and achieved a cumulative GPA of 1.7.

If the student is not eligible for the disbursement, the student will receive a written notification from the financial aid office (through email and/or written documentation passed through instructor) that they have not met the requirements to receive the subsequent disbursement. A student who becomes ineligible for aid will be responsible for paying all fees that were not covered by financial aid. The written notification will include a future date that the eligibility requirements will be checked in order to regain financial aid eligibility if the student decides to continue in the program with out-of-pocket payments, and the potential to regain financial aid eligibility.

1. Prior to the student entering a program he/she receives an offer letter from the Financial Aid Office. The offer letter shows the amount of Title IV Aid and the estimated disbursement dates.
2. At time of disbursement of federal student Loans the Apollo Career Center Adult Education sends the student a notification form indicating the amount of aid to be applied toward his/her account for tuition and other fees. The student has the option to cancel student loans at this time.
3. Apollo Career Center Adult Education will credit the student's account for the amount of each disbursement within three days of the scheduled disbursement date. If it is determined that more funds have been provided than the student owes for tuition and other fees, the excess funds become available to the student within 14 days of the date a credit balance was created.
4. Residual fund checks will not be released to anyone except the student, or the parent in the case of a Plus loan.

NOTE: If funds are from a source other than Title IV or VA (i.e. WIOA), those funds will not be applied to the student account until received by the school. When funds are received, Apollo Career Center Adult Education will apply the funds to the student account, and the Treasurer's office will issue a check for the residual amount, if applicable.

Payment period balance must be zero before any refunds will be made.

PELL CROSSOVER PAYMENT PERIODS

A crossover payment period is one that includes both June 30 and July 1 overlapping two award years. When a student enrolls in a crossover payment period, Apollo Career Center will always treat the crossover as a header to the award year. Exceptions may be made on a case-by-case basis, as it determines most beneficial to the student.

SATISFACTORY ACADEMIC PROGRESS

Please note that ALL students awarded Title IV Pell Grants and/or Direct Student Loans must maintain Satisfactory Academic Progress for continued aid eligibility; and those who want a Certificate of Completion from Apollo Career Center must also maintain Satisfactory Academic Progress.

Satisfactory Academic Progress is measured at the end of each payment period based on the following standards:

Grade Point Average (Qualitative Measure)

- Student must maintain a cumulative grade average of 1.7 GPA.
- Student must be working toward completion of a specific program.

Maximum Time Frame

- Students must complete within 150% (100% completion divided by 66.67% required attendance) of the published length of the program to remain on financial aid. For example, if a program's published length takes 45 weeks to complete the maximum timeframe would be 67.5 weeks (45 wks. x 150%) to complete.

*Note: Periods in which a student does not receive aid will be counted toward the maximum timeframe of 150% allowed to complete a program.

Official Review of Satisfactory Academic Progress

Grades and Maximum Time Frame are checked at the end of each payment period. The payment period is defined as the point when the student's scheduled clock hours have elapsed. For example: in a 900 hour program the official check date is at the end of the first scheduled 450 hours, in a 600 hour program the official check date is at the end of the first scheduled 300 hours.

If the student is not meeting SAP at the end of the payment period, the Title IV eligibility will be suspended until the student achieves SAP or wins an appeal (see appeal later in this section). The student will receive a written notification from the financial aid office (through email and/or written documentation passed through instructor) that they have not met the requirements to receive the subsequent disbursement, and may appeal the decision per the appeals process. A student who becomes ineligible for aid will be responsible for paying all fees that were not covered by financial aid.

Conditions for Dismissal Due to Unsatisfactory Progress

If a student is not meeting SAP at the end of the payment period, their financial aid is suspended and they are monitored for grades and/or attendance improvements to be able to complete within the maximum time frame. When a student reaches a point in their program where it is not possible to reach the requirements for successful completion, they are dismissed from the program.

1. The student has the right to appeal the suspension of their Title IV Financial Aid eligibility by utilizing the **Satisfactory Academic Progress Appeal Form**, as found in the Handbook or can be requested from the Financial Aid department.
2. Student may appeal the suspension based on: injury or illness, the death of a relative, or other special circumstance. The appeal must explain why the student failed to make satisfactory progress and what has changed in their situation that will allow the student to make satisfactory progress at the next evaluation.
3. Appeal must be given to the Financial Aid Specialist within 2 weeks of the Suspension letter. The appeal will be reviewed by the Program Manager and the Financial Aid Specialist within 2 weeks of receipt. Appeals will be reviewed on a case-by-case basis and the student will be notified of the outcome of his/her appeal.
4. Disposition of Approved Appeal: An approved appeal will allow the Financial Aid office to award one payment period of Title IV aid while on probation. The SAP will be reviewed at the end of the probation period/payment period to determine eligibility for continued financial aid. The review will occur after each payment period (prior to any financial aid disbursement) until the student regains acceptable Satisfactory Academic Progress standing.
5. Disposition for Denied Appeal: A denied appeal will mean that the student is not eligible for Title IV financial aid benefits. Once financial aid is terminated, the student must make arrangements to cover any remaining program costs within 1 week of the denial notification.

Special Grading Circumstances

Remedial Courses

- o Apollo does not grant credit for remedial courses.

Transfer Coursework

- o Apollo will review requests for credit for previous learning and transfer of hours on a case-by-case basis. Credits for previous training that are accepted towards a program are counted as attempted and completed hours.
- o Transfer coursework is not included in the GPA calculation at Apollo Career Center
- o Accepted transfer coursework will be counted toward the maximum timeframe.

Repetition

- When a course is repeated the new grade replaces the old grade. The hours in both courses are counted in the time frame and for attendance percentage.
- Students that repeat clock hour coursework can receive financial aid if they have completed a program and reenroll to take that program again or to take another program. In addition, when a student reenters a clock hour program *after* 180 days, the student may receive financial aid for repeated hours, and must meet all SAP requirements to be eligible.
- All repeated coursework will be applied toward the maximum timeframe.

Second Certificate

- In some cases students will choose to enroll in a second program at Apollo Career Center. Most of Apollo's programs general requirements are transferable from program to program (trades and medical general requirements are different and do not transfer from one to another, students must be staying in a specific area of either medical or trade professions for previous coursework to be considered). Students will be allowed to receive aid for the second program as long as they successfully completed the previous program and they are working toward a specific profession that warrants a second certificate. All second certificate students must be in good standing (having no financial holds). All clock hour coursework that is transferable from one program to another will be included in the satisfactory progress determination of the new program, but coursework and grades that do not count towards the second program will not be included in the SAP determination.

Change in Program

- Apollo does allow students to change their program of study once enrolled in a program. Some general coursework can be transferred but program specific requirements will not. Each instance is examined on a case-by-case basis by the financial aid office, Program Manager, and Adult Director to determine transferrable portions of the course. All clock hour coursework that is transferable from one program to another will be included in the satisfactory progress determination of the new program, but coursework and grades that do not count towards the second program will not be included in the SAP determination.

Incomplete

- A grade of incomplete is not counted in the grade point average. If the student does not complete the work in the specified time the incomplete will change to an F, which negatively impacts the grade point average.
- A grade of incomplete will count toward the maximum timeframe and may impact a student's ability to complete the program in the required timeframe.

Withdrawal

- Financial aid may not be available upon return to the program, depending on academic progress at time of withdrawal and the timeframe in which the student returns.
- Any withdrawal will be applied toward the maximum timeframe and may impact a student's ability to complete the program in the required timeframe.

MEANINGFUL INTERACTION POLICY

Managers will meet with students to review current progress within the program/class to ensure student's success and needs are being addressed. This will include, but not limited to, discussing current grades, competencies being met or not met, program/class objectives being met or not met, and any other areas of concern.

The progress of the student will be reviewed one-on-one between the program manager and student. This will be done at the minimum, during the 1/3 point, 2/3 point, and at the end of the program for full-time programs. Part-time programs will review student progress at the halfway point and end of the program/class. The manager will complete the required "**Documentation of Conference**" form or a similar form to keep on record in the student's physical or electronic file. The student should receive a copy of this form after it is signed by both the manager and student.

Additional conferences with students can be scheduled to discuss any issues or concerns that arise. This interaction must be documented, signed by both the student and manager/instructor, kept in the student's file and/or Achademix, and a copy provided to the student.

VETERANS ADMINISTRATION REQUIREMENTS FOR EDUCATION BENEFITS

Apollo Career Center is required to ensure that students receiving Veteran's Administration (VA) Education Benefits are making adequate progress toward completing their program. Students receiving VA Education Benefits are required to meet the following standards:

Attendance:

VA students are monitored for attendance at least every 30 days within the program calendar. Students must maintain at least a 90% attendance rate.

Grades:

Grades for students receiving VA Education benefits will be reviewed every 30 days within the program calendar. Students are required to maintain, at a minimum, a grade average of 1.7 GPA (refer to Program Specific grading scales above).

Satisfactory Academic Progress:

- The first time a student has a percentage of attended clock hours below 90% of their scheduled clock hours at an evaluation point or a GPA below the minimum standards will be placed on **Attendance and/or Academic Warning** and notified in writing.
- A student on Warning status who has a percentage of clock hours below 90% of their scheduled clock hours at the next evaluation point or a GPA below the minimum standards will be placed on **Attendance and/or Academic Probation** and notified in writing. An Academic Plan, showing the steps needed to be removed from this status before the next evaluation point, will be outlined for the student by the Program Manager.
- A student on Probation status who has a percentage of clock hours below 90% of their scheduled clock hours at the next evaluation point or a GPA below the minimum standards will be **Terminated/Withdrawn** from their VA Education benefits in the VA-Once system and will lose VA Education benefits for the program at this time. It is possible that this may create a debt with VA for the student.

Conditions for Dismissal Due to Unsatisfactory Progress

When a student reaches a point in their program where it is mathematically impossible to reach the requirements for successful completion, they are dismissed from the program.

Appeal Process & Re-Enrollment

All policies and procedures for Satisfactory Academic Progress Appeal & Re-Enrollment as set forth in this Handbook apply to Veterans Education benefit students as well.

VETERANS ADMINISTRATION PAYMENTS

Apollo Career Center abides by the Veterans Benefits and Transition Act of 2018, Section 103. Veteran students who are recipients of Chapter 31 or Chapter 33, and have provided proof of their GI Bill entitled benefits, will not have any negative consequences imposed in regards to late payments by Veterans Affairs. For these Veterans, Apollo will not impose any penalty or late fee, nor deny access to classes or institutional facilities due to late payment of tuition and/or fees due from Veterans Affairs. This restriction on penalties would not apply in cases where the student owes additional payment to the school beyond the amount of the tuition and fees payment from the VA.

- **Failure to successfully complete your academic plan may result in the immediate loss of your financial aid eligibility at Apollo Career Center.**

VERIFICATION/CORRECTION POLICIES AND PROCEDURES

The school is responsible for verifying the accuracy of the financial data used to calculate the student's expected family contribution (EFC). If there is an asterisk (*) next to EFC number on the SAR or ISIR, it means that the student has been selected for verification by the U.S. Department of Education, to verify the information on the student's Federal Application. The school may also select a student for verification.

- The Financial Aid office will notify the student that their FAFSA has been selected for verification and provide instructions on how to proceed, and provide the appropriate Verification worksheet.
- The student (spouse or parent, as applicable) must complete the worksheet and return it to the Financial Aid office, along with any required documentation. In some instances, the Financial Aid Office may require the student to schedule an appointment and meet with the Financial Aid Officer.
- The Financial Aid Officer will review the worksheet/documentation and make any necessary corrections. Corrections are then submitted electronically to the Dept. of Education.

Required Verification Items

Some students may be required to verify all items while some may only have to verify certain items. Determination is made by the Federal processor and is placed into categories V1, V4, or V5. The Financial Aid Office is also required to resolve any other discrepancies and may request additional documentation.

- Household size
- Number Enrolled in College
- Adjusted Gross Income (AGI)
- U.S. Income Tax Paid
- High School Completion Status
- Identity/Statement of Educational Purpose

Acceptable Documentation

- V1 – Standard Verification Group requires Standard Verification Worksheet and IRS transcript (if tax info was not imported into FAFSA). If taxes were not filed, the student and/or Parent must obtain Verification of Non-filing as proof from the IRS.
- V4 – Custom Verification Group requires Verification Worksheet with proof of high school completion status, and proof of identity with statement of educational purpose.
- V5 – Aggregate Verification Group requires Verification Worksheet with items in V1 plus proof of high school completion status and proof of identity with statement of educational purpose.

Deadlines

If verification has not been completed prior to the first day of class, the student will be required to pay first period fees. If the student fails to submit the required documentation by the end of the period he/she will forfeit any aid which could have been disbursed for that time period. No funds will be disbursed prior to verification being completed. If a student's award changes as a result of verification/correction, a revised award notification will be sent within two weeks of the completed verification/correction process.

EFC – Your Expected Family Contribution is the number that's used to determine your eligibility for federal student aid. This number results from the financial information you provided in your FAFSA application. Your EFC is reported to you on your SAR.

SAR – Your Student Aid Report summarizes the information you submit on your Free Application for Federal Student Aid (FAFSA) and provides you with your Expected Family Contribution (EFC).

REFERRAL OF OVERPAYMENTS AND FRAUD CASES

If the school discovers that a student received an overpayment of federal funds, the school will attempt to adjust subsequent financial aid disbursements. If this is not possible, the student will be required to repay the overpayment amount. Any applicant failing to repay the overpayment will be referred to the U.S. Department of Education for collection. Such applicants will be ineligible for future federal aid funds.

If an applicant misreports information or alters documents for the purpose of increasing his/her aid eligibility or for fraudulently obtaining Federal funds, the applicant will be reported to the Office of Inspector General, U.S. Department of Education.

If you received federal financial aid because you reported incorrect information, you will have to repay any portion of aid you should not have received. Also, any person who intentionally makes false statements or misrepresentations on a federal aid application is violating the law and is subject to fine, imprisonment, or both.

CONFIRMATION OF CITIZENSHIP

All students applying for Federal Financial Aid must be able to confirm their citizenship status with the Social Security Administration. The confirmation process is applied when the student submits the Free Application for Federal Aid to the Federal processor. The Federal processor performs a match with the SSA to confirm the student's citizenship status and social security number. If SSA cannot confirm the student's citizenship status, a comment will appear on the student's Institutional Student Information Record (ISIR) and the following will apply:

U.S. Citizen or National:

- Must correct SSN, name or date of birth if these are in error and re-submit application
- If data still doesn't match student must provide documentation to prove citizenship
- Other documents could include birth certificate or Certificate of Naturalization

Eligible Noncitizen:

- A number is sent to DHS for primary verification
- If status is not confirmed an automatic secondary confirmation will be performed by DHS
- School will wait at least five but no more than 15 days for result of secondary confirmation
- If no secondary confirmation the school will begin paper confirmation on form G845
- Form G845 is sent to DHS field office with documentation from student

Students who are required to undergo secondary confirmation will be provided in writing:

- Explanation of documentation to be submitted
- Deadline for submitting 30 days
- Notice that student may not receive aid for the payment period if deadline is missed
- Statement that eligibility is not decided until student has a chance to submit documentation.

NOTE: *Citizenship issues must be resolved prior to any aid being disbursed.*

'C' CODE ON SAR/ISAR – TITLE IV ELIGIBILITY ISSUES

If a "C" Code is displayed on the Student Aid Report (SAR) and the ISIR, this is a flag that pertains to an issue with the student's eligibility for Title IV financial aid. The associated comment code/eligibility issue will be reviewed by the Financial Aid Officer, and the student will be informed on the issue and possible resolution. If the eligibility issue cannot be resolved, the student may be denied Title IV aid. When a student is denied access to Title IV funding, the student is notified in writing with the specific reasons for denial and school appeal process is made available at that time. When denials affect the ability of the student to obtain federal financial aid not only at this institution (based on professional judgment) but overall (based on federal policy), the written process for notifying the Department of Education and the student are followed. If an appeal is pursued by the student, the review process and final decision will be delivered in writing to the student and kept on file.

UNUSUAL ENROLLMENT HISTORY POLICY

The U.S. Department of Education has established new regulations to prevent fraud and abuse in the Federal Pell Grant Program. They have done this by identifying financial aid students with unusual enrollment histories. If a student has received Pell Grant funding while attending multiple institutions during the last four academic years, the student may be flagged for unusual enrollment history (UEH). While most students have legitimate reasons for unusual enrollment histories, other students enroll in school just long enough to receive cash refunds of federal student aid. These students will often leave school, after receiving their financial aid refund, and repeat the process again by enrolling at another school.

Students with unusual enrollment histories will be flagged on their Student Aid Report (SAR) as having either a **possible** or **questionable** enrollment pattern problem. Once identified as having a UEH flag, the Office of Financial Aid at Apollo Career Center is required to review the student's enrollment information and determine if academic credit was earned during the last four award years.

Students with UEH flags will be required to provide Apollo Career Center Financial Aid department with their academic transcripts from each college from which financial aid was received in the past four award years. As part of the review process, Apollo has the authority to request missing academic transcripts from the student. Apollo's Financial Aid Specialist is able to determine if academic records are missing by reviewing data from the National Student Loan Data System (NSLDS).

Students will be ineligible for financial aid until all required transcripts are received by the Financial Aid department. Once all required academic transcripts are received, the Office of Financial Aid will review the student's enrollment and financial aid records to determine if academic credit was earned. Records may be reviewed from previously attended schools.

Academic Credit Earned: If Apollo determines that academic credit was earned, and the student is not enrolling just to receive a financial aid refund, no further action is required. The student becomes eligible for financial aid.

Academic Credit Not Earned: If Apollo determines that the student did not earn academic credit at a previously attended institution, the student will be required to provide additional documentation before eligibility for financial aid can be determined.

If Academic Credit was not earned, students will be asked to provide documentation explaining why they failed to earn academic credit. Documentation provided by the student must support the following:

1. The reason(s) why the student was unable to earn passing grades; and
2. That the student did not enroll solely for the purpose of receiving a credit balance of financial aid.

Students may include personal and academic reasons to explain their failure to earn academic credit. Personal reasons include: illness, a family emergency, a death in the family, changes in living status, and military obligations. Academic reasons may include unexpected academic challenges, or a determination that the academic program did not meet the student's needs.

The documentation provided when academic credit is not earned will be reviewed by a committee consisting of the Adult Education Director, the Program Manager, and the Financial Aid Specialist. Students who have lost their eligibility for financial aid will be notified in writing by the Office of Financial Aid.

Regaining Title IV Eligibility: If Apollo Career Center denies a student Title IV aid for Unusual Enrollment History, the student may attend a full-time program at Apollo without receiving Title IV aid and pay out-of-pocket for the first payment installment period. At the end of the first payment installment period, if the student is meeting the requirements of Satisfactory Academic Progress, the student could then be considered for Title IV Eligibility for the remaining program hours.

- Documentation should be completed and signed by a professional familiar with the applicant and the applicant's disability such as a physician, psychologist, or rehabilitation counselor.
- Documentation should verify the disability and suggest appropriate accommodations. Accommodations may be made after the student submits the required documentation.
- If no current documentation is available, it is the responsibility of the student to have new documentation prepared. Students are responsible for any costs associated with obtaining existing or new evaluations.
- If students who do not disclose the need for accommodations and produce documentation to substantiate that need, it will be assumed that none are required. Accommodations must be reasonable in nature and not alter the fundamental nature of the program.

This information is confidential and is not a part of the student's permanent record. If the documentation is more than 5 years old the Student Services office **may** ask the student to complete various assessments to determine the academic and career-technical level of the individual. Upon completion of the evaluation process, Apollo Career Center Adult Education Office will work with program coordinators and instructors to develop a program plan to target career technical competencies and training accommodations.

FAMILY EDUCATIONAL RIGHTS & PRIVACY ACT (FERPA)

As defined by the Federal Department of Education

<http://www.ed.gov/policy/gen/guid/fpco/ferpa/index.html>

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

- Parents or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.
- Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.
- Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):
 - School officials with legitimate educational interest;
 - Other schools to which a student is transferring;
 - Specified officials for audit or evaluation purposes;
 - Appropriate parties in connection with financial aid to a student;
 - Organizations conducting certain studies for or on behalf of the school;
 - Accrediting organizations;
 - To comply with a judicial order or lawfully issued subpoena;
 - Appropriate officials in cases of health and safety emergencies; and
 - State and local authorities, within a juvenile justice system, pursuant to specific State law.

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin, student handbook, or newspaper article) is left to the discretion of each school.

DEFAULT PREVENTION AND MANAGEMENT PLAN

These activities in this Default Prevention and Management Plan promote student and school success by increasing retention and reducing delinquency and default. Schools and students receive benefits when schools implement the activities, techniques, and tools outlined in this plan. Schools benefit by avoiding any limitations on participation in the loan programs due to excessive cohort default rates (CDRs). Students benefit by having continued access to Title IV Student Financial Assistance Programs, learning good debt management practices, and establishing a healthy credit history. Schools that are actively committed to promoting student success help their students learn, graduate, obtain employment, and demonstrate financial responsibility through repayment of the funds borrowed to finance their education.

Coordination and implementation of the Default Prevention and Management plan is the responsibility of the Financial Aid office in conjunction with the Adult Ed Director and Program Managers.

Consequences of Default for Borrowers

Borrowers who default on student loans face serious consequences. Stafford Loans are considered in default after 270 days without payment. At the time of default, outstanding interest is capitalized and collection fees may be added, resulting in a loan balance that is higher than the amount borrowed. Defaulted loans are reported to credit bureaus, causing borrowers to sustain long-term damage to their credit rating. Defaulters may also face difficulty in securing mortgages or car loans, may have their wages garnished, and their federal income tax refunds and other federal payments seized. Until the default is resolved, collection efforts continue and the defaulter will be ineligible for additional federal student aid. The Department, guarantors, and servicers undertake many activities to prevent borrowers from defaulting. With a minimal amount of time, effort, and expense, schools can play a critical role in helping borrowers avoid the damaging consequences of default.

Consequences of Default for Schools

Schools may face serious consequences due to high CDRs. Consequences include the loss of participation in the Direct Loan, and/or Pell Grant programs. The objective of the Apollo Career Center Adult Education office is to reduce defaults, promote student and school success, help preserve the integrity of the loan programs, and reduce costs to taxpayers.

Management Strategies

The following strategies are used to manage Apollo Career Center's cohort default rate and promote responsible student borrowing:

- Awarding aid based on Apollo Career Center's established student cost of attendance and annual federal loan limits.
- The Financial Aid Office will offer loan counseling and provide financial literacy resources to borrowers throughout their attendance at the school—from enrollment, through graduation or withdrawal, and beyond.
- The Financial Aid Office monitors both entrance and exit counseling information to ensure that the required counseling sessions are completed by every student who has had a loan certified.
- The Financial Aid Office will timely and accurately report enrollment status to NSLDS to promote school and student success.
- The Financial Aid office will conduct a periodic review of defaulters to discern who is defaulting and why. A review of data can assist in determining common characteristics among defaulters. Causes for defaults may include: absent or incomplete internal procedures, practices, and communication, particular programs and course requirements or structure, and ineffective counseling.
- In order to maintain eligibility for financial aid, students must be making satisfactory academic progress (SAP) toward a certificate.
- Students who were dismissed for financial aid and/or academic probation violations and subsequently reinstated via the appeal process may have loans reduced or eliminated until satisfactory academic progress is re-established.
- Exceptions may be approved by the Director of Adult Education and the Financial Aid Office.

Wright International Student Services (WISS)

In addition to the above mentioned management strategies, Apollo Career Center has also contracted with Wright International Student Services (WISS) to assist in our default management and prevention efforts for our delinquent students. Apollo Career Center sends a school portfolio report from NSLDS to WISS each quarter (with the exception of during a national pandemic in which all loans have been put into a forbearance status). This report will include all accounts for students who have obtained a Title IV student loan through Apollo Career Center, and have graduated or withdrawn. Apollo Career Center also has provided WISS with access to all loan servicers in which Apollo's Title IV student loans are serviced.

WISS works on behalf of Apollo Career Center to contact delinquent students and assist in bringing their student loan account current and/or prevent their default. WISS will also attempt to locate students who have moved without a forwarding address or telephone number. WISS then sends Apollo a monthly summary of students that WISS is tracking and has assisted.

DELINQUENT STUDENT ACCOUNTS

Delinquent student accounts that are not resolved with Apollo Career Center's Financial Aid office will be assigned to the Ohio Attorney General's Office. The Attorney General's Office will apply a full range of collection efforts to resolve the debt, include but not limited to withholding state tax refunds. The Attorney General's Office and/or their approved collections agencies will assess collections fees to your account with the Attorney General's Office. The collection fees are based on a percentage of your outstanding debt. Students whose accounts have been forwarded to the Attorney General's Office must contact them to make payments. The Ohio Attorney General's Office can be reached at 1-888-301-8885.

A collections hold will be placed on all delinquent accounts. Students are not permitted to enroll in additional programs and/or classes, request official transcripts, or obtain program credentials until their account is paid in full.

A full tuition refund will be made if the student withdraws before the start date of the program, or if a course is canceled prior to start date. Refunds, when due, are made without requiring a request from the student. Refunds, when due, are made within 45 days (1) of the last day of attendance if written notification has been provided to the institution by the student, or (2) from the date the institution terminates the student or determines withdrawal by the student. In the event a student does not commence class, withdraws, is terminated, or drops out of his or her program of study, tuition costs and related educational fees and expenses are subject to refund pursuant to the following guidelines:

Refund Policy is based upon the cost of tuition. If a student withdraws:

On or before the first day of class and during the first 3% of the total hours of the program	100% refund
After the first 3% of the total hours of the program And until the end of the first 25%	75% refund
After the first 25% of the total hours of the program And until the end of the first 50%	50% refund
After the first 50% of the total hours of the program And until the end of the first 75%	25% refund
After the first 75% of the total hours of the program	0% refund

The percentage of the clock hours attempted is determined by dividing the total number of clock hours elapsed from the student's start date to the student's last day of attendance, by the total number of clock hours in the program.

*In addition to any tuition retained by the District under the Refund Policy, if books, tools or supplies have been opened/used they cannot be returned and the student is responsible for payment. Each Program Manager may allow returns upon their discretion.

For Non-Title IV programs (less than 600 clock hours): Students enrolled in accredited programs that are not Title IV eligible may be permitted a one-time transfer to the class immediately following the class in which they are enrolled to complete hours with no additional charges. Students who do not return as scheduled will be considered withdrawn and charged according to the Refund Policy. Certain programs may not be able to accommodate a transfer, the Program Manager will determine if a one-time transfer is allowable.

RETURN TO TITLE IV POLICY

Apollo Career Center returns unearned funds received from Federal student assistance programs to the proper program accounts in accordance with Federal Title IV student assistance regulations, as amended, under 34 CFR, section 668.22(d) of the Reauthorization of the Higher Education Act of 1965.

Once Apollo Career Center has determined that a student has withdrawn, a Return of Title IV (R2T4) Funds calculation will be performed. A student is considered withdrawn when they have formally notified their Program Manager or the Student Services Manager, or if they are absent for the lessor of seven consecutive scheduled program calendar days, or 2 calendar weeks without any notification or response to inquiries of their whereabouts. The last date of attendance is used as the official withdrawal date for Return of Title IV calculations, and would be determined no later than 14 days from the last day attended.

A student receiving assistance from Federal Title IV programs is required to complete a minimum number of clock hours for the payment period in which assistance was received.

- If the student withdraws from a program before completing 60% of the payment period, a pro-rated portion of the federal aid received must be returned to the federal aid programs equal to the percentage of the payment period remaining. The student's last day of attendance will serve as the "withdrawal date" when calculating the return of Title IV Funds formula.
- If the student remains enrolled and attends class beyond the 60% mark of the payment period in which aid is received, all federal aid is considered earned and not subject to this policy.

Apollo Career Center will return funds or make a post-withdrawal disbursement as soon as possible, but no later than 45 days after determining the student has withdrawn. Return of Federal Title IV funds will be distributed according to statutory regulations. For calculation purposes, Apollo Career Center utilizes the Return of Title IV Funds software provided by the U.S. Department of Education. The Return of Title IV Funds calculation determines the percentage of financial aid students have earned for the payment period. This is based on the number of clock hours scheduled in the enrollment period. For example, if the student completed 20% of the scheduled clock hours in the payment period, they earn 20% of the federal funds that they were originally scheduled to receive.

Apollo Career Center must return funds, based on calculations, up to the total net amount from each source, in the following order:

1. *Federal Unsubsidized Direct Loan*
2. *Federal Subsidized Direct Loan*
3. *Federal PLUS Loan*
4. *Federal Pell Grant*

Once the R2T4 calculation is completed, then Apollo Career Center's Refund Policy is applied to the student's account. If the student owes unpaid tuition and fees, the student will receive an invoice from Apollo Career Center. If the student has a Title IV credit balance at withdraw, then within 14 days of the R2T4 calculation, Apollo Career Center will pay any remaining Title IV credit fund balances to the student (or parent for a Direct PLUS Loan) or reduce the student's Title IV loan debt with written (or emailed) authorization from the student.

If the student did not receive all of the funds earned, they may be due a post-withdrawal disbursement. The post withdrawal disbursement will be based on the Return to Title IV Aid worksheet and in accordance with federal law. If a student is receiving only Federal Pell Grant funds as a result of the post withdrawal calculation, Apollo Career Center will automatically draw funds on the behalf of the student within 45 days of determination. If the post withdrawal disbursement calculation includes available loan funds, the loans must be offered to the student within 30 days, allowing the student 14 days to respond. Apollo Career Center will require the student to respond in writing, or email, to the notification sent giving consent or rejecting the loan post withdrawal disbursement. Post withdrawal disbursements are posted to the student account first, and any resulting credit balance is disbursed to the student as soon as possible but no later than 14 days from the date of disbursement.

If the R2T4 calculation results in an amount to be returned that exceeds the school's portion, this is called a student grant overpayment situation. Apollo Career Center will choose to return all of a student's grant overpayment that would otherwise be the responsibility of the student to return, and will debit the student's school account for this amount returned on the student's behalf.

EXCUSED ABSENCE POLICY

Apollo has a 10% excused absence policy for most programs. This means that the student may graduate with 90% of the required clock hours in the program as long as they have completed the competencies. The Program Manager will determine if an absence is considered excused or not. Some programs have specific attendance requirements due to program certification. Check with the program manager for your program specific attendance requirements.

READMISSION / LEAVE OF ABSENCE POLICY

Leave of Absence

A "leave of absence" will be granted in extreme circumstances only and requests must be submitted in detail, in writing, be signed, and be dated by the student. If this is medically-related, a doctor's slip will be required to be attached. The student must apply for a leave of absence in advance unless unforeseen circumstances prevent the student from doing so.

There must be a reasonable expectation that the student will return from the LOA.

A student may be granted multiple leaves of absence as long as the total number of days for all leaves does not exceed 180 days within a 12-month period. This 12-month period begins on the first day of the student's initial LOA. A student on a LOA cannot be assessed any additional charges or be awarded any additional Title IV financial aid. The Program Manager and Financial Aid Specialist will review the request for leave of absence and determine from the information provided if the situation will be eligible for this request. These decisions will be on a case-by-case basis.

If a student is on an approved leave of absence, but fails to return as planned, the student will be processed as a withdrawal, with the withdrawal date as the last date of attendance. A possible consequence of not returning from a LOA would be that the grace period for direct loans may be exhausted, and loan payments would start immediately.

Readmission

To apply for readmission, a student must re-apply for the program and fill out a new registration form. Students must meet the school's admissions requirements and pay all outstanding charges from the previous enrollment. The program manager will review the application and will evaluate any previously earned hours to determine if credit will be given. Students applying for readmission must obtain approval from the Adult Director before final admittance into a program.

Note: Specific attendance and progress requirements and dismissal and appeal procedures are detailed in the LPN handbook given to each nursing student admitted to the program.

SPECIAL CIRCUMSTANCES

The EFC formula is basically the same for all applicants and prior year income is used in the calculation. The financial aid officer has the authority on a case-by-case basis to adjust* certain data elements for a student with special or unusual circumstances. Some examples would be a layoff (we do not adjust income for students who quit a job or work less hours while attending school), unusually high medical or tuition bills, etc. If you feel that you have a special circumstance please contact the financial aid office to discuss your situation and find out what documentation is needed. After reviewing all documentation the financial aid office will make a decision to approve or deny your request. **The decision is final and cannot be appealed to the Federal Department of Education.** Please note that the use of professional judgment is allowed but not required of the school. Professional judgment is the discretionary action available to a financial aid administrator to address unusual circumstances that affect a student's ability to pay educational expenses. Financial aid administrators may make adjustments on a case-by-case basis, and must document justification in the student's file.

*If the student's FAFSA has been flagged for Verification, that process must be completed before any adjustments can be made. For information about Verification, see "Verification/Correction Policies and Procedures" in the Financial Section.

WITHDRAWAL POLICY

Voluntary Withdrawal – If a student plans to discontinue classes at any time, the student is encouraged to notify their program manager and submit a formal signed document of their intention to withdrawal.

Involuntary Withdrawal – If a student is absent for the lessor of: seven consecutive scheduled program calendar days (OR) 2 calendar weeks, without any notification or response to inquiries of their whereabouts, the school will consider them officially withdrawn.

Withdrawal Date – The last date of attendance according to the school's attendance record. This date is used to determine the amount of aid a student has earned.

Exit Counseling – If the student has a Federal Direct loan, it is the student's responsibility to complete Federal loan exit counseling. If the student does not complete the exit counseling before leaving school, he/she will receive a letter from the Financial Aid Office. The letter will include instructions on how to complete the exit counseling.

PUBLIC COMPLAINTS

Constructive criticism of Apollo Career Center is welcomed by the Board. Although no members of the community will be denied the right to bring complaints to the Board, they will be referred through the proper administrative channels for solution before investigation or action by the Board. Exceptions may be made when the complaints concern board actions or Board operations.

The Board believes that complaints and grievances are best handled and resolved as close to their origin as possible, and that the staff should be given the opportunity to consider the issues and attempt to resolve the problem prior to involvement by the Board. The proper channeling of complaints involving instruction, discipline, or learning materials will be as follows:

1. Teacher / Instructor
2. Supervisor / Manager
3. Director
4. Superintendent
5. Board of Education

If a complaint, which was presented to the Board and referred through the proper channels, is resolved before it comes back to the Board, a report of the disposition of the matter will be made to the Board and then placed in the official files.

The Board expects the staff to receive complaints courteously and to make a proper reply to the complainant.

Matters referred to the Superintendent and/or Board must be in writing and should be specific in terms of the action desired.

STUDENT CODE OF CONDUCT

Students may be subject to disciplinary penalty for conduct disruptive to the educational process or destruction of school property, or for violation of board rules and policies, or for other sufficient cause. Classes must operate in accordance with rules and regulations as set forth by the school administration and board of education. Students shall be expected to observe and comply with the policies, rules, and regulations of the Board of Education and its employees. Failure to comply with school policies, rules, and regulations, or to maintain a standard of conduct appropriate for the school, may be considered by school authorities as sufficient cause for disciplinary action which may include removal from class, removal from a school-related activity, suspension, expulsion, or other disciplinary action deemed appropriate by school authorities. A student may be dismissed for poor attitude, lack of progress or interest, lack of cooperation, misconduct, sexual harassment, not following directions from instructors, or extensive absences. Insubordination is grounds for immediate dismissal. Students whose progress is unsatisfactory will be notified in writing and may be placed on disciplinary probation for a time determined by the instructor and the adult education supervisor, and are subject to the other penalties established in the student conduct code. Students who do not show improvement during the probationary period will be dismissed. Students will not be eligible for Title IV funding while they are on probation.

STUDENT DUE PROCESS RIGHTS

Students will have clearly established means by which administrative due process is available for the protection of the individual's rights.

Due process procedures will conform to the following basic practices.

1. They must be fair.
2. They must apply equally to all.
3. They must be enforced in a fair manner, which involves:
 - a. Adequate and timely notice and an opportunity to prepare a defense.
 - b. An opportunity to be heard at a reasonable time and in a meaningful manner.
 - c. The right to a speedy and impartial hearing on the merits of the case.

USE OF CELL PHONES / ELECTRONIC DEVICES

It is the policy of the Apollo Career Center that at no time shall a student use a cell phone, or other technological communication device that may disrupt the learning environment or hinder the conduct of organizational business. Ringtones, notifications, and other audible sounds must be turned off while on campus. Students are not to engage in texting or other social communications while participating in the academic classroom or laboratory learning environment. Course instructors will determine whether a student's behavior is disruptive to the learning environment. Cell phones **MUST BE** turned off and put away during times of testing and test review. Use of such devices in the clinical setting must meet that institution's policy. Students are not permitted to record and/or video any parts or portions of the program or class without expressed consent of the instructor and without giving proper identification and credit to the instructor if consent is given. In which case, a recording agreement shall be signed.

Incoming telephone messages will be relayed to students only in the event of an emergency. Students normally will not be called from class unless the situation warrants such action. Apollo Career Center Adult Education's main number is (419) 998-3000.

SEXUAL AND OTHER FORMS OF HARASSMENT

The Apollo Career Center recognizes every student equal on the basis of race, color, gender, religion, age, ancestry, disability, national origin, social or economic background. Therefore, sexual or other forms of harassment will not be tolerated during school hours or while under the supervision of school personnel while student is involved in any school related activity. Sexual harassment includes all unwelcome sexual advances, requests for sexual favors, and verbal or physical contacts of a sexual nature. Other prohibited conduct includes that which has the purpose or effect of creating an intimidating, hostile, discriminatory, or offensive learning environment on the basis of gender, religion, race, color, ethnicity, age, and/or disability, and/or any other characteristic.

The harassment by or toward a student or a staff member of this District or third party is strictly forbidden. Any student who is found to have harassed a staff member, student, or a third party will be subject to discipline in accordance with the law and student conduct code. When a student perceives harassment by an employee of the school, guest of the school and/or student, he/she should report their perception to Title IX compliance officer at Apollo Career Center. The student may also file a grievance with the adult education center director. The director's office is located in the main office of the adult career center.

Complaints will be acted on by an investigation conducted by the compliance officer and one other administrator of the district in a timely manner after the signed complaint has been filed. If harassment or inappropriate conduct is established, corrective action will be taken. Penalties for infractions may include termination from the program, if warranted. Copies of the complaint will be filed in the administrative office.

PUBLICATION OF THE PROHIBITION AGAINST HARASSMENT, INTIMIDATION, AND BULLYING

Source: Apollo Board of Education Policy JFCF, "Hazing and Bullying"

Hazing means doing any act or coercing another, including the victim, to do any act of initiation into any student or other organization that causes or creates a substantial risk of causing mental or physical harm to any person. Throughout this policy the term bullying is used in place of harassment, intimidation and bullying.

Bullying, harassment and intimidation is an intentional written, verbal, electronic or physical act that a student has exhibited toward another particular student more than once. The intentional act also includes violence within a dating relationship. The behavior causes mental or physical harm to the other student and is sufficiently severe, persistent or pervasive that it creates an intimidating, threatening or abusive educational environment for the other student. This behavior is prohibited on school property, on a school bus or at a school-sponsored activity. Students found responsible for harassment, intimidation or bullying by an electronic act may be suspended. Discipline procedures will not infringe on any student's rights under the First Amendment to the Constitution of the United States. When the behavior is sexual harassment, the Title IX sexual harassment grievance process will be followed, if applicable, prior to imposing any discipline that cannot be imposed without resolution of the Title IX process.

PUBLICATION OF THE PROHIBITION AGAINST HARASSMENT, INTIMIDATION, AND BULLYING (continued)

Source: Apollo Board of Education Policy JFCF, "Hazing and Bullying"

Permission, consent or assumption of risk by an individual subjected to hazing, bullying and/or dating violence does not lessen the prohibition contained in this policy.

Prohibited activities of any type, including those activities engaged in via computer and/or electronic communications devices or electronic means, are inconsistent with the educational process and are prohibited at all times. The District educates minors about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyberbullying awareness and response.

No administrator, teacher or other employee of the District shall encourage, permit, condone or tolerate any hazing and/or bullying activities. No students, including leaders of student organizations, are permitted to plan, encourage or engage in any hazing and/or bullying.

Administrators, teachers and all other District employees are particularly alert to possible conditions, circumstances or events that might include hazing, bullying and/or dating violence. If any of the prohibited behaviors are planned or discovered, involved students are informed by the discovering District employee of the prohibition contained in this policy and are required to end all such activities immediately. All hazing, bullying and/or dating violence incidents are reported immediately to the principal/designee and appropriate discipline is administered. When employees have actual knowledge that the behavior is sexual harassment, they must contact the Title IX Coordinator.

The Superintendent/designee must provide the Board President with a semiannual written summary of all reported incidents and post the summary on the District's website, to the extent permitted by law.

The administration provides training on the District's hazing and bullying policy to District employees and volunteers who have direct contact with students and by November 30 annually reports to the Ohio Department of Education compliance with this requirement through the consolidated school mandate report. If the District reports noncompliance the Superintendent/designee must provide a written explanation to the Board within 30 days explaining this noncompliance and a written plan of action for accurately and efficiently addressing the problem.

Additional training is provided to elementary employees in violence and substance abuse prevention and positive youth development.

District employees, students and volunteers have qualified civil immunity for damages arising from reporting an incident of hazing and/or bullying. Administrators, teachers, other employees and students who fail to abide by this policy may be subject to disciplinary action and may be liable for civil and criminal penalties in compliance with State and Federal law.

No one is permitted to retaliate against an employee or student because he/she files a grievance or assists or participates in an investigation, proceeding or hearing regarding the charge of hazing and/or bullying of an individual.

Building Security

Please exit the building promptly after the close of class. In order to maintain the safety of our staff and students, security cameras are installed to observe parking lots, building entrances, and internal building locations. All cameras are recorded to assist in documentation of potential events. Lockers, desks and other property of the Board of Education are subject to random search at any time and without reasonable suspicion of any wrongdoing.

Campus Security

In the event of an emergency situation, call 9-1-1 immediately for assistance

Anyone observing or suspecting criminal activity will immediately report it to the instructor or Adult Education Director, who will immediately conduct an investigation and report the activity to the Shawnee Township Police Department and ask for their assistance. The Shawnee Township Police Department will investigate, determine facts and issues, and take action, which it feels necessary under their powers. A record of this report will be kept on file.

Students should use the following preventive measures to deter crime from occurring:

1. Keep cars locked.
2. Do not leave personal possessions unattended in the building.
3. Walk in pairs (groups) to vehicles when possible.
4. Be aware of your surroundings.
5. Know where to ask for help or get to the nearest phone in the building.

6. Report to school administration any restraining orders that a student may have been granted against another individual. Crime prevention and sexual assault information will be offered annually to adult students and staff. Statistics will be collected from the local police department for publishing and for reporting to federal agencies as required by Public Laws 101-542 and 101-226. No other reporting will be made except as directed and authorized by the Superintendent.

Accidents

In case of an accident or injury, notify the nearest instructor or staff member. Immediately thereafter, the office should be contacted to indicate the type and extent of the injury and the location of the injured person. An accident report will then be filed.

PLAN FOR ASSURING THE HEALTH & SAFETY OF THE INSTITUTION'S EMPLOYEES, STUDENTS & GUESTS

Objective

To provide procedures that ensure prompt and efficient handling of all accidents, sickness or emergency health care needs of students, staff, and guests.

Scope of Services

Although Apollo Career Center does not maintain a health services center, the health and safety of students, staff and guests is of primary concern. During the day our School Nurse and Nursing Instructors are Registered Nurses, virtually all programs, secondary and adult, receive training in CPR and AED use, and many are trained in first aid as well, and of the Public Safety programs in session the instructors are licensed Emergency Medical Technicians and Paramedics.

First aid kits and eye wash stations are located in each laboratory. Buildings are equipped throughout with Automatic External Defibrillators (AED). In the event of a significant injury or illness emergency services (EMS, fire and police) are requested (911).

COVID-19 Statement

The COVID-19 or any other outbreak that occurs may cause public health guidelines to be implemented. Implementation of such guidelines at Apollo can create unique challenges to our students and their instruction. Therefore, students will be expected to follow the most recent state mandated and/or local health department guidelines to provide for the health and safety of our entire campus.

Illness/Injury Procedures

Students and staff who experience a minor illness during class should excuse themselves and return home after notifying the instructor or their immediate supervisor. Guests who become ill should also excuse themselves from their visit to the school and leave school property. If the ill student, staff member, or guest is not able to return home or leave school property on their own, arrangements will then be made for someone to pick them up at school. For students, staff and guests who become seriously ill and are in need of emergency care, the Safety Plan for that campus becomes effective, the instructor or other staff member will immediately notify Campus Security and call 911 for assistance using a school desk telephone, if possible. If a student or guest is injured in a laboratory or elsewhere on school premises, the injured person is to be given immediate attention. Only properly trained staff members may provide assistance to the injured person. In cases of serious injury where emergency care is needed, the instructor or another staff member will make immediate notification to 911 and to the Campus's Main Office. Emergency contact information for students is maintained in the student's classroom by the Instructor and/or the Program Supervisor. Emergency contact information for staff is collected by the Adult Workforce Development Secretary and is accessible through each program's Supervisor.

Reporting & Investigating Accidents

All incidents resulting in serious injury or illness shall be reported immediately by completing the student Incident/Accident Injury Report form. Instructors and/or staff members are to complete the Incident/Accident Report form and submit the completed form to the Adult Workforce Development Director through their Program Supervisor for follow up. Program Supervisors will be responsible for follow up communication with Instructors.

Reports of injury and/or serious illness are reviewed by the appropriate Program Supervisor and the Apollo Career Center Health and Safety Coordinator. The District Health and Safety Coordinator/ School Nurse and Program Supervisor will conduct an investigation of the incident to determine the cause, accountability, system/equipment changes needed, and the need for updating illness/injury procedures.

Copies of the injury and illness report will be kept on file in the Program Supervisor's office and the District Health and Safety Coordinator's office.

Emergency Procedures

The primary consideration in any emergency situation must be the safety of the students, staff and guests. To that end, all campuses have a campus-specific emergency plan that addresses Evacuation, Fire/Tornado/Lockdown drills, and response actions for specific incidents or emergency situations. All classrooms shall have a clipboard mounted on the wall near the primary ingress/egress doorway that contains the emergency response actions flip chart and a student/staff accountability form. Mounted nearby will be an evacuation map indicating the current location and the primary emergency egress route.

Dissemination of Plan

Safety information is contained in the Student and Staff Handbooks. All students and staff receive a copy of their respective handbook and/or have access to them in the classroom or online. Students and staff wishing to provide input into the plan should share their comments with the campus Safety Team and/or the District Health and Safety Coordinator.

Detailed campus-specific plans have been developed and are available in the office of the Adult Workforce Development Director on the main campus, and in the office of the Program Supervisor on each branch campus. In addition, the plans are available online through the web-based Navigate Prepared. A link to Navigate Prepared is on each instructor's computer desktop.

The Apollo Career Center plan for the health and safety of students, staff, and guests is reviewed and evaluated approximately annually by the District Health and Safety Coordinator in coordination with each campus's administration and Safety Team.

Operation & Maintenance Plan

A copy of the full Operation & Maintenance Plan is available in the Adult Education Office, room 523 and the Facilities Manager's Office, room 309 of the Apollo Career Center Campus.

Emergency Warnings

Drills and Emergency protocol can vary based on your position in the building. Please ask an instructor for directions on what to do in the event of an emergency, whenever directives are not posted in your area.

Fire Drills

For fire, a steady intermittent tone coming over the public address system will occur. Directions for exiting the building are posted in each lab and each classroom. Your instructor will give further instructions. Leave the building quickly and quietly. Do not run.

Wait until the signal is given to reenter the building and return directly to your classroom or lab.

Severe Weather Drills

In case of a tornado warning or severe weather, an irregular intermittent tone will be sounded over the P.A. system. Students must follow the directions of their instructor, move quickly, and crouch down by a west brick or concrete wall avoiding areas of glass. The front of the building, or that facing Shawnee Road, is the direction of west.

Automatic External Defibrillators (AED's)

They are located in the office areas of the High School and Adult Education building, the Automotive building, and the Construction Equipment building. An alarm and flashing lights will appear when the AED box is opened. Ohio Law states only trained personnel should operate the equipment.

Lock Down

During a stay-in-place lock down, students and staff will be alerted of the need to lock down over the public address system. Proper protocol is that classroom doors will be locked, lights turned off, and you are to move away from doors. Whenever possible, you will be notified over the public address system of any new information or developments. When it is determined it's safe to move, and an evacuation is in order, instructors will guide you to the rally point.

Search and Seizure

Search of a student and his/her possessions, including vehicles, may be conducted at any time the student is under the jurisdiction of the Board of Education, if there is a reasonable suspicion that the student is in violation of the law or school rules. A search may also be conducted with or without the student's consent. Random searches of district lockers, desks, and other property may also occur.

Health Risks

Physical or psychological damage may occur when the following substances are abused. Here are some of the health risks related to each substance.

Alcohol

Alcohol consumption causes a number of marked changes in behavior. Even low doses impair judgment and coordination, and increase the incidence of aggressive behavior. Very high doses can cause respiratory depression and death. Alcohol intoxication is equivalent to a drug overdose. If combined with other depressants of the central nervous system, the effects of alcohol are multiplied. Repeated use of alcohol can lead to change in tolerance and dependence. Cessation of alcohol intake can produce withdrawal symptoms including tremors, hallucinations, convulsions, and death. Long-term consumption of large quantities of alcohol can lead to permanent damage to vital organs such as the brain and the liver. Women who drink even small amounts of alcohol during pregnancy may give birth to infants with fetal alcohol syndrome. Children of alcoholic parents have a 40 percent greater risk of developing alcoholism than those whose parents are not alcoholic.

Anabolic-Androgenic Steroids

Steroid users can experience serious cardiovascular, liver, central nervous system, gastrointestinal, and reproductive disorders. In males, use can result in testicular atrophy, sterility, impotence, and arrested growth. Irreversible masculinization and sterility can result when women use steroids. Psychological impairment includes mood swings, depression, and very aggressive behavior.

Depressants

The use of depressants can result in a change in tolerance and physical, as well as psychological dependency. The combining of several depressants (e.g. valium and alcohol) will potentiate the depressant effects, multiplying the health hazards. Withdrawal symptoms include anxiety, vomiting, acute psychotic episodes, seizures, and death.

Hallucinogens

Phencyclidine (PCP). Large doses of PCP may result in a convulsive seizure, coma, and death. Mood disorders occur and the user may become violent, irrational, and potentially harmful to self and others. Lysergic acid (LSD), mescaline, and psilocybin cause sensations and feelings to change rapidly. The user may experience panic, confusion, anxiety, depersonalization, and loss of control. While relatively rare, flashbacks are the spontaneous reappearance of the drug experience after use has ceased may occur.

Narcotics

Tolerance, especially at the euphoric effect of narcotics, and physical dependence, develop rapidly. In order to avoid the abstinence syndrome, the addict becomes preoccupied with acquiring the drug. Withdrawal symptoms are extremely uncomfortable, however, they are seldom life threatening.

Stimulants

High doses of stimulants result in intense personality disturbances including visual and auditory hallucination, delusions, and paranoia. Tolerance develops rapidly. Cross tolerance does develop among stimulant drugs (e.g. methamphetamine and cocaine). The use of cocaine can cause death by cardiac arrest or respiratory failure. Stimulants are addictive, and while withdrawal from stimulants is less dangerous than with depressants, depression can make a person vulnerable to suicide.

Cannabis

The mood altering effects of marijuana are the result of the chemical delta-9 tetrahydrocannabinol (THC). THC is fat soluble and can remain in the body up to three weeks after smoking one marijuana cigarette. Consequently, even the occasional user can be detected through urinalysis. Research indicates that regular use may have long term effects on the user's brain, heart and reproductive organs. The numerous carcinogenic chemicals found in marijuana make it particularly harmful to the lungs. Loss of memory, lack of motivation, and diminished attention span are some of the effects of regular marijuana use. Long-term use may result in psychological dependence and change in tolerance.

HEALTH RISKS ASSOCIATED WITH ALCOHOL

Alcohol consumption causes a number of marked changes in behavior. Even low doses significantly impair the judgment and coordination required in driving a car safely, increasing the likelihood that the driver will be involved in a car accident. Low to moderate doses of alcohol also increases the incidence of a variety of aggressive acts, including spouse and child abuse. Moderate to high dose of alcohol cause marked impairments in higher mental functions, severely altering a person's ability to learn and remember information. Very high doses cause respiratory depression and death. If combined with other depressants of the central nervous system, much lower doses of alcohol will produce the effects just described.

Repeated use of alcohol can lead to dependence. Sudden cessation of alcohol intake is likely to produce withdrawal symptoms, including severe anxiety, tremors, hallucinations, and convulsions. Alcohol withdrawal can be life-threatening. Long-term consumption of large quantities of alcohol, particularly when combined with poor nutrition can also lead to permanent damage to vital organs such as the brain and the liver.

Mothers who drink alcohol during pregnancy may give birth to infants with fetal alcohol syndrome. These infants have irreversible physical abnormalities and mental retardation. In addition, research indicates that children of alcoholic parents are at greater risk than other youngsters of becoming alcoholics.
